The state of Ohio is allowing senior centers to re-open, but many guidelines and protocols need to be in place before we can do so. SCR is excited to welcome you back, and we are working closely with the Department of Aging and the Health Department to get new procedures into place. **We don’t have an exact timeline yet, but will communicate the official re-opening date as soon as we know we will be able to meet every requirement and can ensure everyone’s safety, health, and well-being.**

Once we open, we will start with Mondays, Wednesdays, and Fridays, opening at 10 a.m., and at reduced capacity. We will require reservations (similar to making a reservation for transportation). Eventually we also hope to schedule some special classes or events on Tuesdays and Thursdays.

**Here is what I can share with you regarding protocols:**

- Everyone will be asked to complete a quick health survey before entering the center - we need to know if you have any current symptoms. This will be done over the phone or with a short written survey.
- There will be a required temperature check before entering (similar to what is required at doctors’ offices).
- Everyone will need to wear a mask while at the center, except while eating. This will be strictly enforced. If you need a mask, we can provide one for you.
- We will ask you to keep six feet away from others. Social distancing is important.
- There will be several hand sanitizer stations, and we encourage clients to use them.
- If you have any symptoms, you will be asked to have a COVID test done before returning back to SCR.
- Transportation will be available (as it is now for shopping and appointments), but still with reduced capacity with limited numbers on each van to ensure social distancing.

**We are so excited to welcome you back!** Things are definitely going to be different for awhile, but we are working to make the best of a bad situation. Please call us if you have questions or concerns.
If I’ve learned anything from life, it’s that sometimes the darkest times can bring us to the brightest places...I’ve learned that no matter how powerless we feel or how horrible things seem, we can’t give up. We have to keep going. Even when it’s scary, even when all of our strength seems gone, we have to keep picking ourselves back up and moving forward, because whatever we’re battling in the moment, it will pass, and we will make it through. We’ve made it this far. We can make it through whatever comes next.
